Signature : _____

For We Care Home Health Services

To the Parents:

Due to the contagious nature of pediculosis(head lice), children must be rechecked after treatment and need to bring this form, signed by the nurse, upon returning to class.

When this student has been treated and found to be free of any evidence of Head Lice, Eggs, or Nits, please contact the We Care Home Health office to arrange for re-checking. Call our office between 8:30am – 5 pm, Monday to Friday at 905-507-6562 or 1-855-507-6562.

Note : All re-checks are done at the schools in the Halton area, during school hours.

The above named student has been found to be free of any evidence of Head Lice, Eggs and Nits.
