Why is my school involved?

The inclusion of this school in the boundary study presents opportunities to redirect students who reside within walking distance to Tiger Jeet Singh PS, to examine new development areas, and to review French Immersion program delivery at schools south of Louis St. Laurent Ave.

Current Accommodation Scenario:

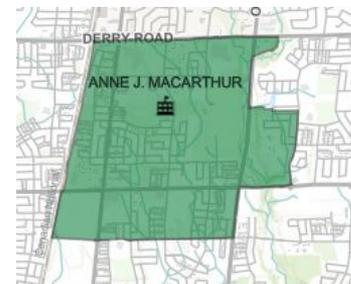

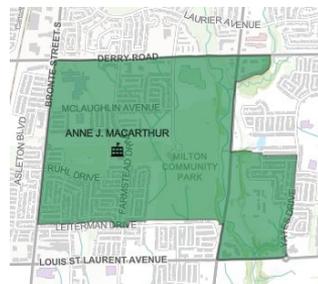

A K-8 school located north of Louis St. Laurent Ave. Enrolments are projected to remain stable near 900 students. The community east of Regional Road 25 has expressed an interest in attending Tiger Jeet Singh PS. French Immersion catchment includes Boyne PS. Approximately 900 new residential units are within the catchment area.

----	---	---	---	---	---	---	---	---	---	---

Current English and FI Attendance Areas (2024/2025)

School Profiles - Anne J MacArthur PS

Quick Notes:

- Dual track school with special education program.
- French Immersion catchment includes Boyne PS and Anne J MacArthur PS.
- Requires 5 to 7 portables.
- Stable enrolments.
- Impacted by development.

Included in the boundary review*:

- To examine options that will redirect students that reside east of Regional Road 25 within walking distance to Tiger Jeet Singh PS. (ENG/FI).
- FI enrolments and viability will be reviewed south of Louis St. Laurent Ave that may expand the French Immersion program.
- A potential to add areas to the english boundaries, and balance enrolment.

*Students can be added to and / or removed from the school in the English and French Immersion programs.**

**Additional reasons or action may occur in future boundary review discussions.*

Why is my school involved?

Boyne PS has accepted new students in grades K-6 from the Viola Desmond PS catchment. The school has reached maximum capacity and will continue to face pressure from high enrolments. The boundary review will attempt to balance enrolments in the English catchment and remove the holding designation at Boyne PS. Boyne is subject to several development applications, the review will look to ensure students from new development can be held at their future home schools.

Current Accommodation Scenario:

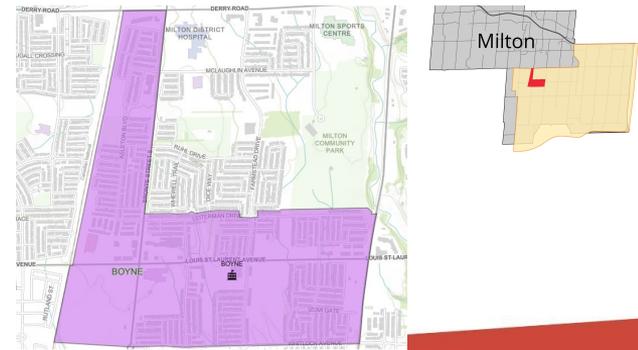

A K-8 school located south of Louis St. Laurent Ave. The Boyne PS is experiencing enrollment pressures due to Viola Desmond PS exceeding its maximum capacity. Projections will decline with the removal of the holding students and then climb with new developments. Approximately 1270 new residential units are within the catchment area.

School Profiles - Boyne PS

Quick Notes:

- Single Track English school with special education program.
- French Immersion students are directed to Anne J MacArthur PS.
- Requires 6 to 9 portables.
- Stable enrolments.
- Impacted by development.
- A temporary redirection is in place that direct student to Boyne PS from Viola Desmond PS.

Included in the boundary review*:

- To remove the temporary redirection from Viola Desmond PS.
- Balance enrolments among south Milton schools.
- A potential to add and remove areas to the boundaries in order to balance overall enrolment.

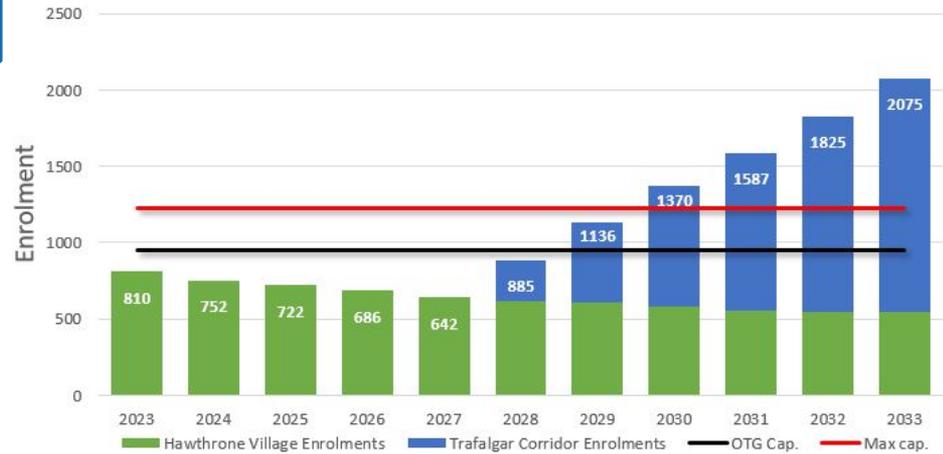

Students can be added to and / or removed from the school.

**Additional reasons or action may occur in future boundary review discussions.*

Current English Immersion Attendance Area (2024/2025)

Why is my school involved?

The inclusion of this school in the boundary study presents opportunities to review current English boundaries with potential boundary changes to increase enrolment. The catchment area north of Louis St. Laurent Ave and the surrounding rural areas are not expected to change.

Current Accommodation Scenario:

A Grade K-8 school located north of Louis St. Laurent Ave. The school is projected to remain under-utilized until growth associated with the Trafalgar Corridor Enrolments arrives. Hawthorne Village PS will remain a holding school until schools are built in that secondary plan. Approximately 150 new residential units are within the catchment area. Trafalgar Corridor enrolments are included in projections.

School Profiles - Hawthorne Village PS

Quick Notes:

- Single Track English school.
- French Immersion students are directed to Irma Coulson PS.
- Portables not required
- Declining enrolments
- Holding school for the Trafalgar Secondary Plan (5 elementary schools)

Included in the boundary review*:

- Potential to add areas to the boundary to balance enrolment.

Students can be added to the school.

**Additional reasons or action may occur in future boundary review discussions.*

ENG K - 8
FI 2 - 8

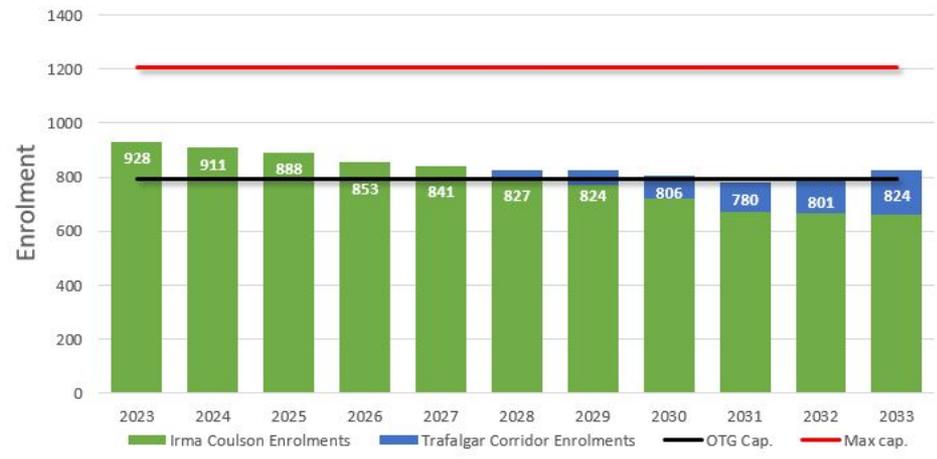

Why is my school involved?

Due to a lack of students, Cedar Ridge PS couldn't form a viable grade 2 class in French Immersion. As a result, Irma Coulson PS has accepted the new FI students from this area. The boundary review will examine FI program delivery south of Milton which may expand the FI boundaries. The catchment area north of Louis St. Laurent Ave and the surrounding rural areas are not expected to change.

Current Accommodation Scenario:

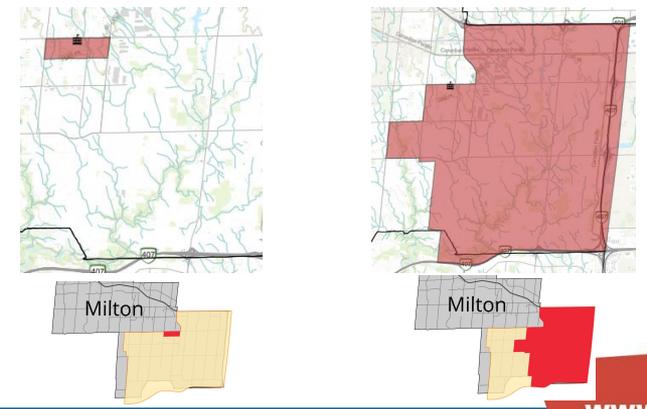

A grade K-8 school located north of Louis St. Laurent Ave. This school is projected to remain above 100% utilization until 2031. Growth associated with this school post-2031 is a result of being a holding school for the Trafalgar Corridor Secondary Plan. All new development impacts only the FI program. Trafalgar Corridor FI enrolments are included in projections.

Why is my school involved?

The inclusion of this school in the boundary review study presents opportunities to review current boundaries with the potential that will increase enrolment. Potential boundary changes will alleviate pressures from schools south of Louis St. Laurent Ave., and review current FI program delivery south of Louis St. Laurent Ave. The catchment area north of Louis St. Laurent Ave is not expected to change.

Current Accommodation Scenario:

A K-8 dual track school located north of Louis St. Laurent Ave. This school is projected to decrease enrolments but remain above 100% for the next ten years. There are 90 proposed residential units from one active development application.

Current English and FI Attendance Area (2024/2025)

School Profiles - P.L. Robertson PS

Quick Notes:

- Dual track school.
- No outside feeder schools for French Immersions
- Requires 2 to 9 portables.
- Declining enrolments.

Included in the boundary review*:

- FI enrolments and viability will be reviewed south of Louis St. Laurent Ave that may increase the French Immersion enrolment and program boundary.
- Potential to add Milton Education Village future students.
- A potential to add areas to the english boundary.

Students can be added to the school in the English and / or French Immersion program.

**Additional reasons or action may occur in future boundary review discussions.*

Why is my school involved?

The south Milton Boundary review looks to balance enrolments and review FI program delivery. Boundaries will be reviewed at Rattlesnake Point PS to ensure efficient use of the facility. Potential boundary changes will remove or add development to the catchment area may occur.

Current Accommodation Scenario:

A K-8 school located south of Louis St. Laurent Ave. Registrations into the school have been slower than in other South Milton communities. However, there are still substantial areas of development that impact the school. Rattlesnake Point is a holding school for Milton Education Village. There are 1950 proposed residential units from 7 active development applications. Milton Education Village enrolments are included in projections.

Why is my school involved?

New students to the Viola Desmond PS are currently being redirected to Boyne PS causing enrolment pressures at that school. The South Milton Boundary review looks to balance enrolments and review FI program delivery and ultimately removing the temporary redirection. Boundaries will be reviewed at Viola Desmond to provide enrolment relief and the FI delivery. Changes to the boundary and/or program changes may occur.

Current Accommodation Scenario:

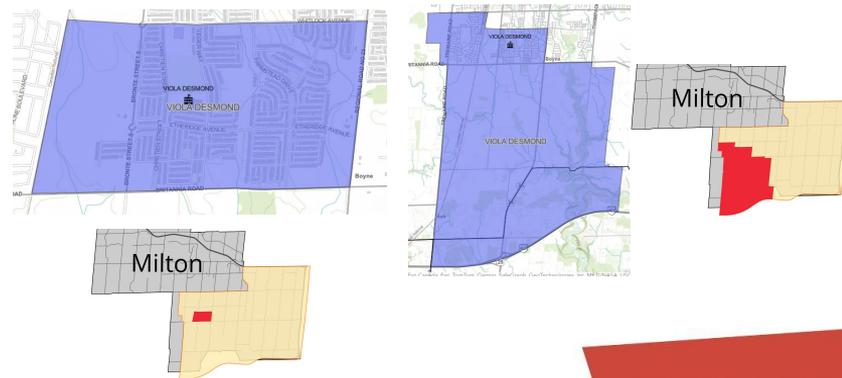

A K-8 ENG, FI school located south of Louis St. Laurent Ave. This school has surpassed Max Capacity and new students are directed to Boyne PS for grades SK-8 Eng program. There are approximately 2600 proposed residential units contained in five active development applications. Milton Education Village enrolments are included in the FI projections.

Why is my school involved?

Cedar Ridge PS is holding students that live in the vicinity of Milton SE #13 ps. The purpose of the review is to establish Milton SE #13 ps boundaries. Enrolments into grade 2 FI have not been met the numbers required to form a class. The boundary review will look at the FI program delivery in South Milton. Changes to the boundary and/or program changes may occur.

Current Accommodation Scenario:

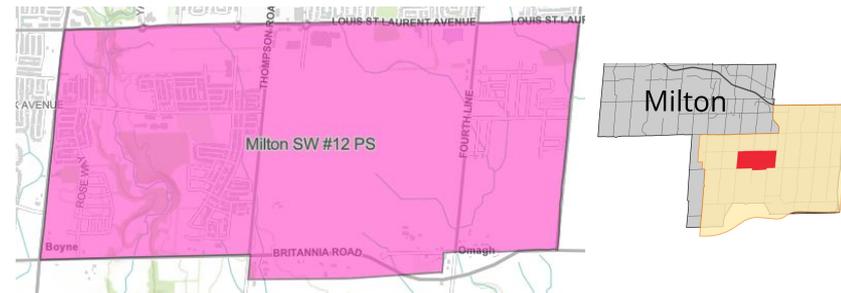

A Grade K-8 school located south of Louis St. Laurent Ave, scheduled to open September 2024. This school is a holding school for students within the Milton #13 ps catchment. The school is programmed to have ENG and FI, with one grade added per year, if the grade 2 class meets a minimum threshold of students. FI students are being directed to Irma Coulson PS. There are approximately 4700 proposed residential units contained in 14 active development applications. Britannia Corridor and Milton SE #13 ps enrolments are included in the projections. More development applications are expected.
