

Halton District School Board

Stuart Miller, *Director of Education*

Kelly Amos, *Chair of the Board*

November 24, 2015

Dear Neighbours and Friends of Martin Street Public School,

This letter will confirm the plan for the rebuild of Martin Street Public School, commencing in January 2016. The original Martin Street Public School building was built in 1920. This heritage portion of the school will be preserved and incorporated into the design of the newly built school on the current site. Site plan and floor plans can be viewed at www.hdsb.ca Follow path HDSB Depts >> Facility Services >> Construction >> New Construction >> Martin Street PS.

In March 2015, we gathered feedback from Martin Street Public School parents, neighbours and other community members regarding various options for the building and the accommodation of students for the duration of the construction phase. On May 20, 2015, the Halton District School Board reviewed this feedback and decided to temporarily move the Martin Street Public School students to Boyne Public School until the construction is completed in September, 2017. Feedback results can be viewed at www.hdsb.ca Follow path HDSB Depts >> Facility Services >> Construction >> Martin Street PS.

As neighbours and friends of our school community, we invite you to our Fond Farewell Open House on **Thursday, December 3rd from 6:00 - 8:00 pm** at Martin Street Public School.

If you have questions about this construction plan, please direct them to the Project Coordinator, Mike Wildfong (wildfongm@hdsb.ca) of Facility Services at the Halton District School Board.

Thank you for your patience and understanding as we move forward to create an exciting new school community for Martin Street.

Warmest regards,

Dan Albrecht
Principal
Martin Street Public School

Jacqueline Newton
Superintendent of Education
Halton District School Board
