

**Proposed Milton SW #8 ps Boundary Change 2012-Consultation Sheet**

**Background:**

The Halton District School Board is proposing a number of boundary changes in the Town of Milton as a result of the new growth and in anticipation of the additional new growth. The objective is:

- to minimize the number of schools that a student may attend as a result of any changes,
- to balance student populations among schools for accommodation and program equity,
- to recognize the physical limitations of some school sites,
- to provide for the safe movement of students and
- to be prepared to accommodate the anticipated new continued growth.

**Implementation:**

It is proposed that the following be considered;

- Students residing in the Milton SW #8 ps catchment entering grades 1-7 English and 1-6 French Immersion will be redirected to EC Drury Secondary School building until the school are built. (Transportation provided)
- Students entering grades JK, SK and grade 8 will remain at PL Robertson PS
