In this course, students will learn what makes an entrepreneur thrive and the skills required to succeed in today's business

. Students will begin to develop their own entrepreneurial mindset, and learn why it's important to take apt to change, find creative solutions, and understand considerations of entrepreneurship. This hands-on use business software and applications to help n and develop their entrepreneurial ideas and learn ent them to a target audience. Throughout the course, students will enhance their communications skills as well as develop and refine their project management skills, including goal setting, time management, and networking.

Grade 10 Open (BEP20)- Launching and Leading a Business

This course introduces students to the world of business and what is required to be successful, ethical, and responsible in today's economy. Students will develop the knowledge and skills needed to be an entrepreneur who knows how to respond to local and global market opportunities. Throughout the course, students will explore and understand the responsibility of managing different functions of a business.

Students will gain real life experience by working in our school store - Keaners!

Grade 11 - BMI3C - Marketing for Goods and Services

Hands on and project based learning are what makes this course fun and exciting! Students will learn about the 4 P's of Product and Service Marketing. Whether you plan on entering into the exciting world of Business, you want to be a more savvy consumer or you want to learn how to market your own brand - you'll learn the tricks of the trade - the secret is out - it's always about the Marketing!

Grade 11 - BAF3M - Accounting

Down to business! This class opens up the basics of finance and accounting. Learning to understand your finances forms the base for most business decisions! This course starts at the beginning of the accounting cycle goes through it step by step.

Please join us, it will be as ASSET

Grade 12 - BAT4M - Accounting

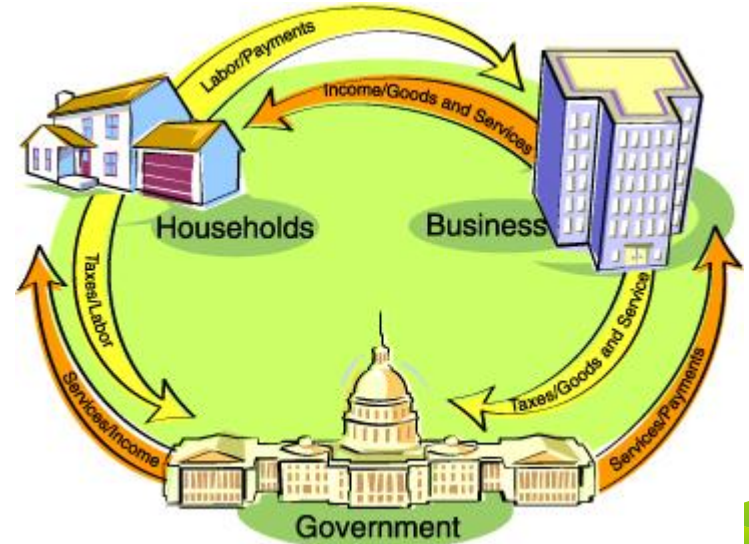

A continuation of the Grade 11 Accounting class. We take accounting and finance to a new level. You knew in Grade 11 you wanted to learn about accounting for different forms of ownership, valuing inventory, and accounting ethics ... this is the course that makes that happen!

Note: This course requires the Grade 11 Accounting credit (BAF3M)

Grade 12 CIA4U - Analyzing Current Economic Issues

If you demand it, we will supply it (and find the perfect price). Learn about economic theories and resources, supply and demand curves, inflation, unemployment, monetary policy, international trade just to name a few! We look at Economics at both the Individual (Micro) and Government (Macro) Level! Come and join us and become “efficient” in Economics!

Grade 12 - BOH4M - Fundamentals of Business Management

This course focuses on the fundamentals of business management, but every student walks away with a greater understanding of what it takes to lead teams and manage groups of people, no matter what field they enter.

Whether you want to be a doctor, engineer or an artist, knowing how to be a better leader, how to motivate your team and how to plan and organize are skills that are universal.

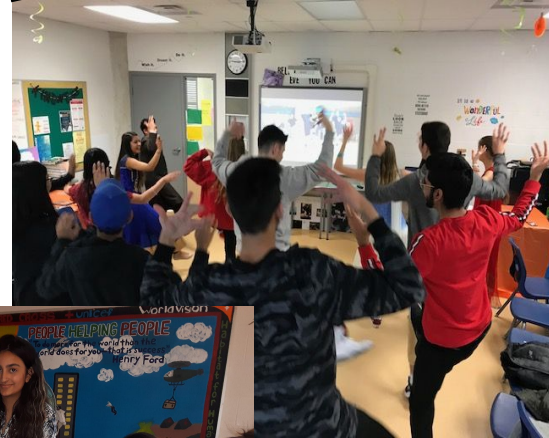

Students will work on real life case examples, plan and organize events and fundraisers and act as leaders within the school. This course is must for anyone wanting to be the change.

Grade 12 BBB4M - International Business

A fun and exciting way to explore cultures from around the world. How does Canada differ from it's trade partners? How should Canadian companies market their products to other countries? What do you need to know about working abroad. Join International Business as we take a hands on look at Marketing, Culture and Trade around the World!

Let's learn the Bhangra!

Grade 12 - BDV4C - Entrepreneurship

Want to be your own boss, then this is the course for you. Turn your brilliant ideas into business opportunities. This course will help develop your entrepreneurial skills through the creation of a venture plan that includes a website.

Grade 12 - IDC4UW - Sports and Entertainment Marketing

A continuation of the Grade 11 Marketing course, the Grade 12 Marketing class takes the 4Ps of Marketing and applies it to the fun and exciting worlds of Sports and Entertainment! Students will engage in creative projects such as designing their own Theme Parks and planning and running their own Passion Projects - Organizing fundraisers, sporting games and other events designed around their interests and goals. In the past students have also organized Terry Fox Runs and the Miracle on Main school fundraiser.

This is a University Level course and it is recommended that students take either BB20 or BMI3C before taking this class.
