1. Note that there are two existing student redirections in place for Dr. David R. Williams PS and Post’s Corners PS, where any new registrations are being redirected to Parlermo PS. This is to remain in place until such a time the schools have sufficient capacity, or a boundary review is implemented to suspend the redirection. The intent of this review is to remove both redirections.

1.

All phase in of grades and phase-out of legacy exempted students are completed. Note that the majority of legacy exemptions are phased out by the 2028/2029 school year, except for Zone H which is slowly transitioned into Oodenawi PS over an 8 year period ending in 2033/2034.
2.

As a general note, unless otherwise noted, all new move ins and/or programs within the affected schools are not granted legacy exemptions, and will be directed to their new home school on the year of implementation of the impacted zone. As an example, if you move into AH north in September of 2024, you will continue to remain the Post's Corners PS boundary, but will be redirected to River Oaks PS in 2025. Legacy exemptions will only be granted if you attended the impacted school prior to June 30, 2024.
