Subject: Notification of Boundary Review: Northeast Burlington - Alton Elementary

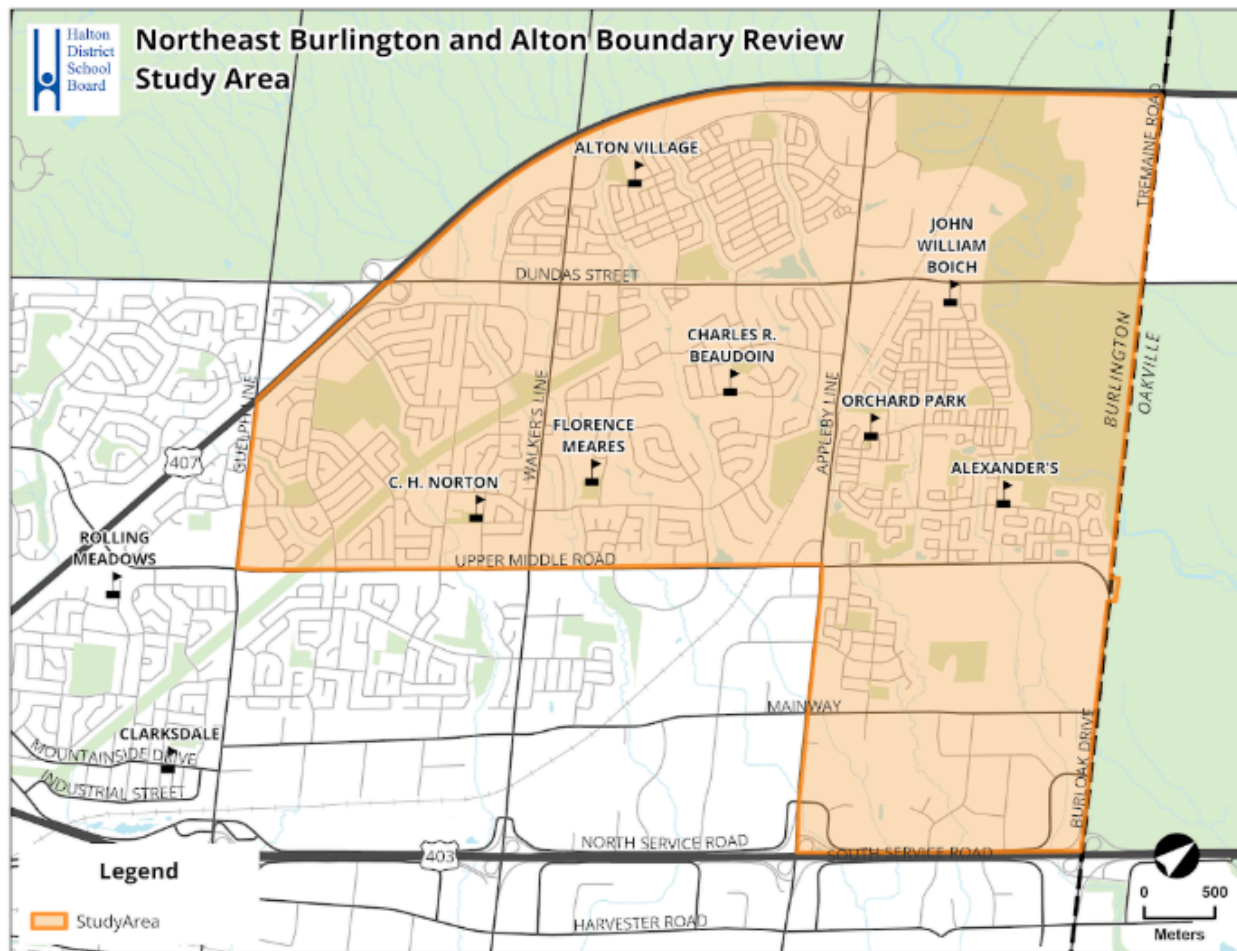

Dear Families,

We are writing to provide you with an important reminder regarding boundary reviews.

As part of the HDSB's commitment to ensuring all students learn in a sustainable environment with access to strong programs and resources, Trustees of the HDSB approved a motion (as presented in [Board Report 26040](#)) at the June 2, 2026 Board Meeting to re-initiate the Northeast Burlington - Alton Elementary Boundary Review.

Why am I receiving this notice?

This boundary review will involve the participation of several Burlington schools. You and your school community are receiving this notice because this boundary review may impact your child's school. The map below shows the study area of this review.

What are the goals of this boundary review?

- Keeping French Immersion programming strong and sustainable by reviewing and potentially consolidating French Immersion at four designated schools. This will help to ensure that every school hosting French Immersion has the enrolment needed to offer a vibrant, fully supported program.
- Making better use of school space by realigning the catchment boundaries for the Evergreen and Bronte Creek Meadows secondary plan areas, redirecting students to attend a school closer to home to balance overall local enrolments.
- Addressing long-standing geographic inconsistencies in the Alton community, allowing students previously directed to schools outside their immediate neighbourhood to attend a school closer to home.

Next Steps

A Boundary Review Steering Committee (BRSC) will be established in November 2026. Once established, a formal request for parent volunteers for the Boundary Review Committee (BRC) will be sent out to schools once the timeline has been determined in 2027.

How do I remain informed of the progress of the Boundary Review?

There are several ways to keep up to date on the progress of the Boundary Review:

- Visit the [Northeast Burlington - Alton Elementary Boundary Review](#) webpage to stay informed and to review background information
- Ensure you are registered to receive email notices through [SchoolMessenger](#). More details will be shared with affected school communities as the study progresses. You will receive:
 - Public Information Meeting notices
 - Requests for feedback
 - Board Report to the Board of Trustees and the final decision
- Talk to your School Council/other parents/guardians
- Attend the Public Information Meeting.
 - Date to be determined (tentatively Spring 2027). Additional information will follow.
- Pay close attention to messages from the HDSB that reference *Northeast Burlington - Alton Elementary Boundary Review* in the subject, as it will provide updates on the process.

If you have any questions about this boundary review, please use the Boundary Review's dedicated email NE-Alton_Review@hdsb.ca.

Sincerely,

Halton District School Board
