

2017-18 GOALS

Students

Student Achievement and Well-Being

1. Promote, support and provide resources for achievement and well-being for all students.

Mathematics

2. Promote a growth mindset, resilience and math achievement for all students, in particular closing the achievement gap for students with IEPs.

Staff

Culture

1. Create and foster a culture for all staff that supports the Halton District School Board as a learning organization.
2. Collaborate with stakeholders to support and implement the findings of the respectful workplace survey.
3. Continue to build capacity in support of succession planning at the senior level.

System

Innovation

1. Promote, support and provide resources for a culture of innovative practices.
2. Continue to support and promote sustainable environmental practices.
3. Continue to support, promote and seek to collaborate with respect to equity and social justice practices and procedures.

Communication

1. Continue to support, finance and refine procedures we use to communicate, improving the provision for input from all stakeholders.

Accommodation

1. Provide support and resources for the smooth transition and implementation of the PAR recommendations.
2. Identify and address student accommodation needs, complete new builds, and review property holdings in a timely fashion.
3. Provide a recommendation on an administrative education centre.
