Welcome!
We will start at 7:00 pm
Public Meeting: May 11, 2021

Honouring Land & Territory

Halton as we know it today is rich in history and modern traditions of many First Nations and the Métis. From the Anishinaabe to the Attawandaron, the Haudenosaunee, and the Métis - these lands surrounding the Great Lakes are steeped in Indigenous history.

As we gather today on these treaty lands we have the responsibility to honour and respect the four directions, land, waters, plants, animals, ancestors that walked before us, and all the wonderful elements of creation that exist.

We would like to acknowledge and thank the Mississaugas of the Credit First Nation for sharing their traditional territory with us.

Zone Maps & Boundary Maps

Elements of a Zone:

The study area is broken into ten (10) zones.

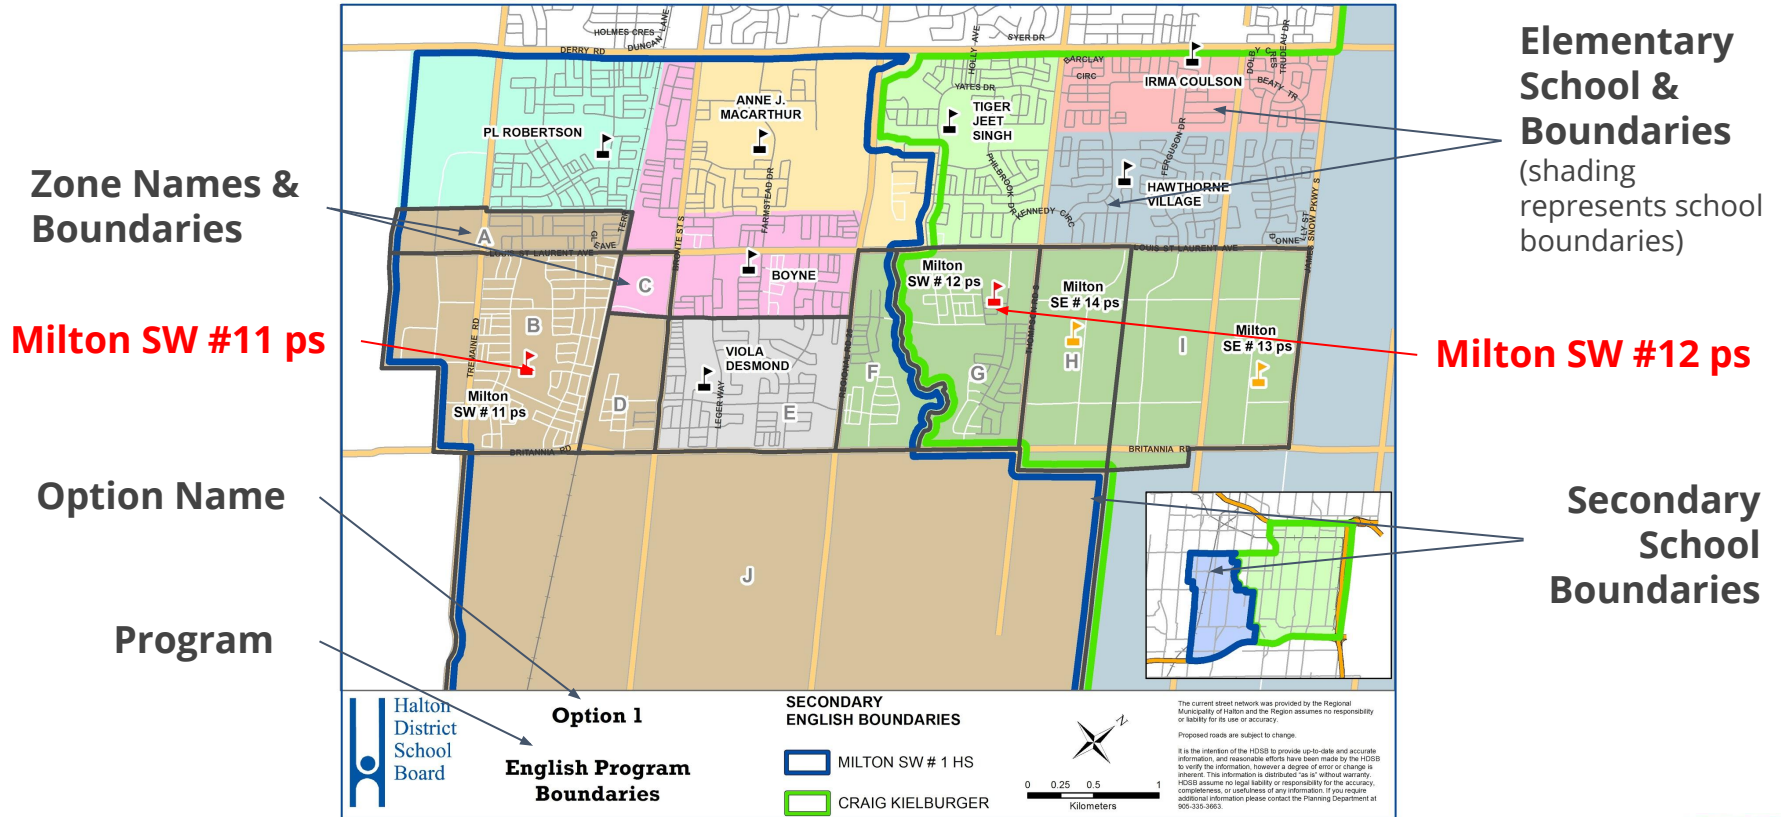

Zones represent a geographic area, that encompasses a community and/or neighbourhood bound by physical features (e.g. roads, creeks).

These zones are combined to create school boundaries for each program under review.

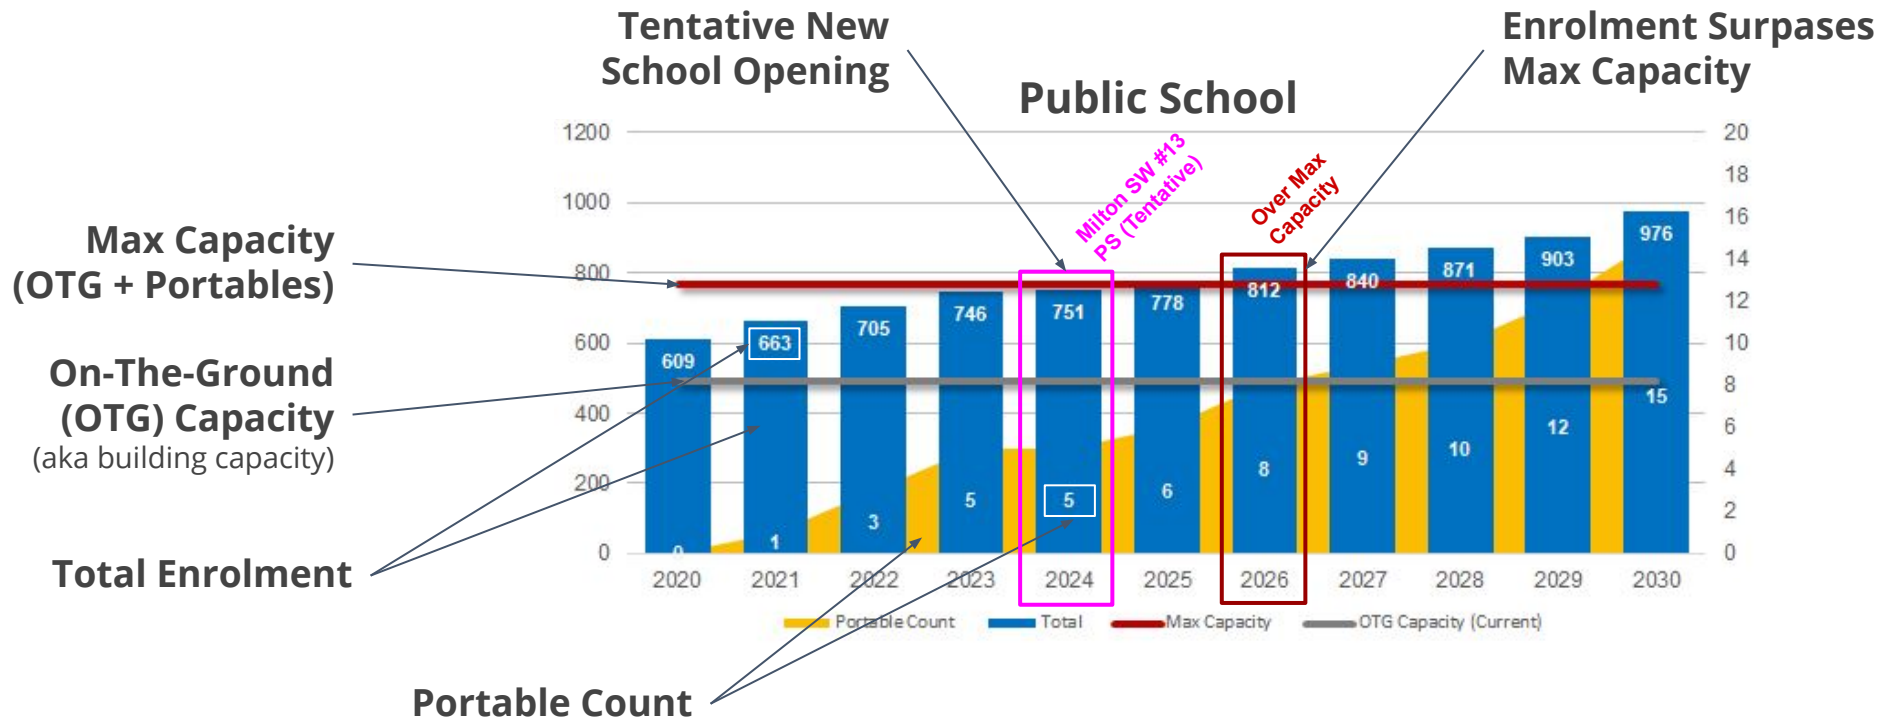

Students that fall within the zones may be *subject to a change* in school, whereas those outside are not subject to change.
